El Monte Parks, Recreation and Community Services Department Launches New Software

El Monte, Calif. – Registering for programs and services offered by the City of El Monte just got easier with the launch of ActiveNet, a new online portal for program enrollment, registration, payment and more.

Scheduled to go live on Monday, May 16, ActiveNet will be accessible via the El Monte website (www.ci.el-monte.ca.us) and will allow users to create a personal account to manage their transactions. ActiveNet will be the hub for browsing activities and classes, daily program schedules and will allow users to create a wish list for programs that are not yet available. Additionally, programs can be searched and filtered by keywords, age appropriateness, date and location.

ActiveNet offers a user-friendly interface that is accessible on tablets and smart phones. Parks and Recreation staff are available to offer assistance in setting up new user accounts for individuals requiring support. For more information or assistance, call the Parks and Recreation Office at (626) 580-2200, the Community and Senior Services Office at (626) 580-2210 or the Aquatic Center at (626) 580-2213.

###
